Est Est Est Alderley Edge Wins Prestigious Hi-Life Award

The Hi-Life "dining Oscars" of the North were recently held in the Hilton Hotel, Manchester and Est Est Est Alderley Edge won the battle for Best Cheshire Restaurant. The award was presented to Est Est Est by TV stars David Brown and Helen Noble from Channel 4's Hollyoaks.

The Hi-Life awards was a star studded ceremony celebrating the North of England's restaurant industry and are voted for by the 80,000 members of Hi-Life Dining Club. The awards show that excellent food and service are recognised by the people who actually dine in restaurants. Est Est Est was up against strong competition from the Cheshire area but proved they are a firm favourite through winning the award.

"The Hi-Life awards are special because they are voted for by the people that matter, the region's diners. At Est Est Est we strive to ensure both food and ambiance is the very best we can deliver and being nominated and winning awards is the icing on the cake," said Tim Bacon, Managing Director, Living Ventures.

Est Est Est Didsbury and Liverpool were also nominated for awards in the Best Interior and Best Merseyside Restaurant categories respectively. Living Ventures feels the Hi-Life Awards show that the North's restaurant industry is continually growing in strength and is proud to be part of such a successful industry.
